

EDGE CLEAN

Concrete splash remover

Description

EDGE CLEAN is a low hazardous concrete/grout splash remover that is designed to remove concrete splash from equipment/ tiles and vehicles found in the pre-mix and cement and tiling industry.

Product Benefits

- Biodegradable
- Very low odour and non-fuming
- Replaces current dangerous acid products
- Does not contain harsh acids such as nitric and sulphuric acid
- Safe for skin and most metals

Directions for Use

For manual cleaning,

Depending on soil loading use EDGE CLEAN at a dilution of 1:5. For stubborn cement use neat.

- Wet the area that requires cleaning
- Apply by spraying onto the surface or by dipping a broom into the product and applying onto the dry surface.
- Rub into affected area with broom
- Leave for 5 min – 10 min and power-hose or scrub off remaining residues with soft bristle broom.
- Depending on the amount of concrete, a longer reaction time might be necessary.

Cautions

EDGE CLEAN has little effect on steel, stainless steel, copper, brass and bronze. It only slightly affects aluminium, however the attack increases rapidly with increasing temperature. Temperatures above 35 deg. C should be avoided.

Do not ingest the product

Do not mix with other detergents

Always wear appropriate eye/face protection

Refer to Material Safety Data Sheet for more detailed safety instructions
